

## **From Riding the Rocking Horse to Sharing the Tradition with My Daughter**

Hi! I saw your note for pictures from the past. I've attached three. I believe that first shot was maybe 1976, 77? Not sure, sorry! I grew up in Convent Station, but went to all the Morris Township/Morristown schools. One of my favorite memories is riding the rocking horse on the Green. I was bowled over when you had ones redone almost like the one I grew up loving. Now my daughter got to ride it in 2014. We are planning a trip back this year.

Thank you for letting me re-live my youth through the eyes of my daughter!
